list, innovative design and compelling makeover shows. Here she explains how we can transform our homes with the glistening glamour of Tesco's stunning new autumn and winter interior décor collection

UNLEASH your inner diva and bring some movie-style drama to your home with Tesco's spectacular new décor collection – the striking new look to give your interiors a superstar sophistication – and all for a song!

Dripping with old Hollywood glamour, this chic style which was popular in the 1930s is making a modern-day comeback. Now, thanks to Tesco's All That Glitters interiors range, you can re-create the scale and grandeur of this golden era in your own home.

Combine velvet drapes, silky textiles, rich lacquers, mirrored surfaces and striking metallics to produce an opulent ambience reminiscent of the glitzy art deco era.

Remember: going glam is all about textures and layering, so add in some faux fur, animal prints and luxurious rugs to create the sensual lines of this classic design style. Then finish off with striking graphics and embossing set against sleek black and shimmering shades of bronze, nutmeg and mahogany for an instant, glimmering makeover.

From lavish linen to fabulous furnishings and furniture, available in store and online, Tesco's brilliant All That Glitters range means you can now afford to add the Midas touch – and make your home a Hollywood destination.

▲ Place this art deco-inspired Kinsella mirror next to another sparkling surface to create even more light and space. Then layer with this gold and bronze ombre metallic vase for extra glitz.

Quick tip

Shiny surfaces are crucial for capturing Hollywood glamour and anything mirrored goes perfectly with this glitzy style.

▲ Make a dazzling statement with this black wood-effect and mirror-glass Keswick three-drawer bedside chest, accented by a glamorous Vienna swirl table lamp and contrasting ogee geo duvet set.

► Remember – it's all about textures and layering. Try a smattering of cushions and throws in different fabrics. From velvets, chenille, striking graphics and tapestry to tiger and leopard prints, there's something to suit every taste in Tesco's All That Glitters range.

Nothing exudes Hollywood glamour more than curves, so bring soft, sensual lines to your bedroom with this sculpted Henley bed, then add swathes of texture, such as with these gold-foil and beaded cushions, chocolate faux fur throw and luxurious sheepskin rug. A shimmering champagne-coloured Cologne pendant enhances the opulent image.

▲ It's all in the detail with art deco, so organise groupings of sleek black accessories for a calm, chic look, such as this stylish soap dish, tumbler and soap dispenser.

► Go for Great Gatsby grandeur by mixing an array of striking colours and sizes, like the gold, black, copper and bronze of these stunning mirrors, frames and vase.
